

Our Office Environment

- Each practice is staffed with well-trained staff including technicians, opticians, and front office staff.
- All back-office tasks, such as insurance credentialing, billing, posting, all payables, and payroll processing are handled by our central corporate office.
- Equipment includes: Optos, Visual Fields, Pre-test rooms, OCT, Fundus Cameras, GDx, Smart Systems, Multiple exam lanes, Ocuco EMR.
- Our doctors work flexible schedules with full or part-time availability.

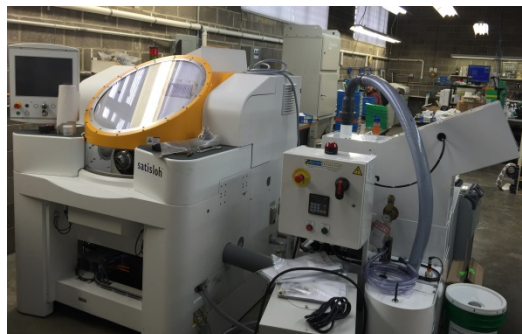

Contact Lenses

- 70% of our patients are in a single-use daily disposable lens.
- 50% of our patients are contact lens wearers.
- We fit specialty lenses, such as scleral & Synergeyes.

Digital Ophthalmic Lab

- Our central state-of-the-art laboratory produces the highest quality lenses.
- Installation of a Satisloh Digital Orbit generator was completed in 2015.
- **Crizal** A/R coatings are offered as our preferred anti-reflective lenses.
